General Description

A port city with a long and storied history, Jeddah is one of the largest cities in the GCC. Throughout its history, it has been the first stop for many pilgrims entering Makkah, which has led to it becoming the most diverse city in the country. In recent years it has become the art capital of Saudi Arabia, while also offering some of the best coastal experiences in the country. Its old town, "Al Balad", is also one of the best examples of traditional city living within the country.

Welcome to Jeddah

The People

The first stop for many pilgrims, Jeddah's people come from mixed backgrounds, and are very easy going and welcoming.
